

KEVIN YAN

kevinyan904@gmail.com · <https://daikonplays.github.io/kevinyan/>

INTRODUCTION

Hard-working third-year computer engineering student at the University of California, San Diego, combining a growth-oriented mindset with a solid background in Software Development and IT. Proficient in Java, NextJS, and other relevant technologies, with a genuine passion for programming and exceptional problem-solving abilities. Seeking a software engineering intern role to apply technical expertise, contribute to company objectives, and further refine software development skills in a fast-paced environment.

WORK EXPERIENCE

Software Engineering Intern

Mutual of Enumclaw

Enumclaw, WA
June, 2023 - Present

- Engaging in full stack development utilizing a diverse range of technologies, including C#, AngularJS, and other relevant tools.
- Made significant contributions by providing valuable updates to the member portal website.
- Leveraging expertise to develop solutions for improving automation of application platforms.
- Actively participated in shadowing senior software developers, gaining firsthand knowledge and insights from their expertise.
- Fostered close collaboration with Business Analysts to ensure that developed products consistently surpassed established standards.
- Adapted seamlessly to an Agile work environment, actively participating in Agile ceremonies such as daily stand-ups, sprint planning, and retrospectives.

IT/Cyber Security Intern

Mutual of Enumclaw

Enumclaw, WA
June 2022 - September 2022

- Developed robust security solutions to effectively mitigate known computer vulnerabilities, ensuring the integrity and confidentiality of critical systems.
- Demonstrated exceptional communication skills by liaising with company employees to swiftly address and resolve software security breaches, achieving a 100% satisfactory resolution rate.
- Proficiently identified system data and evaluated hardware or software components necessary to fulfill user requirements, ensuring seamless functionality.
- Spearheaded the successful restoration and modernization of over 300 outdated computers, significantly enhancing company technology infrastructure.

Shanxi Education Support Leader

LMC

China
Sep 2018 - Aug 2019

- Served as the team leader for a group of 14 dedicated volunteers engaged in teaching at underprivileged schools in China.
- Assumed responsibility for conducting meetings with the volunteers, delivering speeches in front of the schools, and effectively managing all aspects of the educational initiative
- Demonstrated exceptional leadership skills by overseeing my own classroom while offering comprehensive support to fellow volunteers and their respective classes.

EDUCATION

University of California, San Diego

B.S. Computer Engineering, Cumulative GPA: 3.4

La Jolla, CA
Sep 2021 - Anticipated June 2025

Related coursework: Java Data Structures, Mathematical Algorithms in C.S., C programming, Python, Advanced C++ Data Structures and Algorithms, Components and Design Techniques for Digital Systems.

PROJECTS

Nutrition Recommendation Website *HTML, CSS, JS*

Developing a website to give the optimal nutrition for your health goals. Currently have the HTML code running with CSS and JavaScript for the bare-bone website.

RELEVANT SKILLS

Programming Languages: Java, C, C#, C++, Python, HTML, CSS, JavaScript, AngularJS, Swift, NextJS
Soft Skills: Great communication and teamwork, Previous leadership experience, Agile experience
